COVER LETTERS

Sweets Bakery

Dear madam Uma Ainhhoa and the sir Iker

I would like to take the work for the Pastry Chef position at Sweets Bakery. I enjoy creative work and I like learning new skills. I try my best to do what ever even if the job is about pastries, I think my technology skills can help me do the job better.

I know how to edit photos, create simple websites and use technology to work. I can also help with marketing because I understand basic economics and how to attract customers, also I can use social media . I'm responsible, I work well with others, I have a great communication with group work and I always try to improve and make my skills better and also the best for the company.

Thank you for reading my letter. I would be happy to join your team.

Sincerely,

Youssef

Flavor Hunters

Dear Miriam Daria and Sir Iago

I am writing to apply for the Technology Teacher position. I like working with technology and helping others learn. I can program, edit photos, and create websites, and I enjoy explaining things in a simple way. Also I have the paper for the teacher because I like to explain to my teammates and make learn other people

I also know basic economics and marketing, so I understand how technology is used in real life, And how to have the maximum advantage. I am patient, organised, and I like working with students. I think I can bring creative ideas to your classes and support the learning center.

Thank you for your time. I hope to hear from you soon.

Sincerely,

Youssef
