English

Cover letter - Whimsical Fairy

I am writing to apply for the position of store manager at Whimsical Fairy. I saw your job offer on the class job board and I am very interested in this opportunity.

I think I am a good candidate because I have experience working as a cashier assistant in a family pharmacy, where I served customers every day and learned how to manage tasks responsibly. I also have good communication skills and I am able to resolve conflicts quickly and calmly, which I believe is important for a management position.

I am also organised, punctual and reliable. I enjoy working with people and I am motivated to take on new responsibilities. In my opinion, these qualities are essential for managing a store successfully.

I can speak Catalan, Spanish and English, which could be helpful in a store located in Passeig de Gràcia, Barcelona.

Cover letter - Jeremias Creation

I am writing to apply for the position of game developer at Jeremias Creation. I saw your job offer on the class job board and I am very interested in this opportunity because I have always been passionate about technology and video games.

I think I am a good candidate because I have knowledge of 3D modelling software such as Blender, and I also have some experience with basic programming. I learn new tools and technologies very quickly, and I enjoy finding creative solutions to technical problems.

I am also hard-working, motivated and flexible. I believe that working in an indie game development company would allow me to develop my skills and contribute with creative ideas. In my opinion, my interest in technology and my ability to adapt quickly would be valuable for your team.

I can speak Catalan, Spanish and English, which would help me to communicate and collaborate effectively with the team.

I am a responsible and hard-working student with a strong interest in technology. I enjoy working with people and I am good at communicating and solving problems quickly. I would like to gain professional work experience and develop my skills in a real work environment
